

# Nardos Teshager

**Nationality:** Ethiopian **Gender:** Female **Phone number:** (+251) 900417915

**Email address:** [nardosteshager@gmail.com](mailto:nardosteshager@gmail.com)

**Home:** Addis Ababa (Ethiopia)

## EDUCATION AND TRAINING

### Information Technology

#### University of Gondar

**City:** Gondar | **Country:** Ethiopia | **Final grade:** Degree with GPA- 3.01 | **Level in EQF:** EQF level 6 | **Thesis:** Web-Based University of Gondar Maintenance Request & Tracking System (UOG-MRTS)

## CERTIFICATIONS

[ alx\_africa ]

**Data Analytics & Professional Foundations Certification** Finished a course in Data Analytics through ALX Africa, where I was able to gain practical experience in data cleaning, analysis, and representation using Excel, SQL, Python, and Power BI. Improved problem-solving ability through project work, where I was able to extract insights from data to inform decision-making. I also completed Professional Foundations program at ALX Africa. This program helps me in developing professional skills such as communication skills at work, working as a team member, leadership skills, time management skills, and problem-solving skills.

**Mode of learning:** Online

## SKILLS

Microsoft Excel / SQL / Python, data analysis / Power BI / Cross-team Collaboration / Professional Communication / System analysis and design / Computer networking basics / Operating systems fundamentals / Database design and management / Machine Learning

## ABOUT ME

### Background overview

I am an Information Technology graduate with a Data Analysis certification from ALX Africa. I have hands-on experience using SQL, Excel, Power BI, Python, and data visualization. I enjoy turning data into clear insights that support decision-making. I am a good communicator and team player. I'm currently taking Data Science course on ALX Africa, excited about starting my career as a Data Analyst.

## SOCIAL PROFILE

### Portfolio

Portfolio of data analytics projects and academic research, including data cleaning, exploratory analysis, SQL, Python, and documented final year research work.
